THE ANT BULLY STORY

The Ant Bully tells a witty and heartwarming story about a 10-year-old boy who embarks on a remarkable journey. New in town, friendless and tormented by a neighborhood bully, young Lucas Nickle has been taking out his frustration on the innocent ant hill in his yard. But one day the ants retaliate.

Using a magic potion, the ants shrink Lucas down to ant size and sentence him to live like an ant in their colony. In this strange new world Lucas will learn important lessons about friendship, get a whole new perspective on life and ultimately discover the courage to stand up for himself.

Command the ants to follow Lucas.

Special Action

At special action points in the environment, Lucas can command the ants to perform special actions. The following Telepathy special actions are:

Push – The ants push a large rock (default)

Transport – The ants carry a leaf (default)

Bridge – The ants form a bridge across a pit or chasm

Dig Hole – The ants dig a hole beneath themselves to open a path

THE ANT BULLY CHARACTERS

Lucas

You play as Lucas as he experiences life as an ant. As Lucas you'll have to learn new abilities and upgrade basic skills in order to defeat enemies, overcome obstacles, participate in ant life and preserve the colony and survive.

NON-PLAYABLE CHARACTERS (NPC)

Zoc the Wizard

Zoc's lack of trust in Lucas' ability to become an ant forces him to conceive a series of trial missions to overcome. These will help you learn how to control Lucas and adapt to life as an ant.

Spindle

Spindle is Zoc's trusted sidekick.

ReFlux

Retrieve items that ReFlux has requested and he will give you a "special gift".

THE ANT BULLY CHARACTERS

Hova the Nurse

Hova will inform you of rescue missions such as finding missing ants, rescuing caterpillars and saving pupa ants.

Fugax the Scout

Fugax's scouting missions involve venturing into new and unexplored territories. These territories are likely to be hostile and combat will often be required. Missions involve tasks such as protecting the colony from wasp attacks, venturing into the collapsing ant mound or uncovering new food sources.

Kreela the Forager

The ants need food and Kreela is there to ask Lucas for help. Kreela asks you to clear out pillbug infestations, help find a missing foraging team and joins you on your trip into the house to stop the Exterminator.

THE ANT BULLY ENEMIES

Most of the enemies Lucas will encounter will be insects. All enemies will damage Lucas on contact. Avoid physical contact with the enemies while trying to defeat them.

Pill Bugs

The **Pill Bug** will crawl aimlessly within a set area. When Lucas attacks the Pill Bug it curls up into a protective ball. When curled up, Lucas can pick up the Pill Bug and throw it (may be useful during Puzzles).

Warrior Pill Bugs

Similar to the Pill Bug, the **Warrior Pill Bug** is more resistant to attacks before it converts into a protective ball. It also breaks out of its ball when being carried after a short period of time. They will also break out if they are left alone for too long.

Jumping Spiders

The **Jumping Spider** jumps short distances in the same area. Lucas can only defeat the jumping spider when it's on the ground. While it's in the air it can not be attacked.

Falling Spiders

Similar to the Jumping Spider, except that the **Falling Spider** falls from above.

THE ANT BULLY ENEMIES

Attacking Hornet

The **Attacking Hornet** remains stationary until Lucas is spotted. Once spotted, the Hornet will attack. Move out of the way or defeat it with a timed attack. If the Hornet is not defeated, it will land close by then attack again if Lucas is detected again.

Spiral Hornet

Similar to the Attacking Hornet, the **Spiral Hornet** attacks using an inward spiral around Lucas. The inward spiral follows Lucas' movement. If it's not defeated, an attack is repeated if Lucas is detected again.

Termites

Termites have the same walking patterns as the Pill Bugs, but they shoot an acetic projectile.

Scarabs

The **Scarab's** upper body section is indestructible to Lucas' attacks. Lucas can only defeat the Scarab by attacking it from the rear. The Scarab has a charge attack. Following an attack, it returns to its walking pattern similar to the Pill Bug or the Termite.

THE ANT BULLY ENEMIES

Fleas

Fleas attack in large numbers, always bouncing toward Lucas from behind.

Wasps

Wasps are larger than Lucas, occupying a large portion of the screen. They patrol a path similar to the Pill Bug and shoot stingers at Lucas when he's in range.

The Wasp Boss

The Wasp Boss is defender of the Wasp nation. **Hint:** use the staff to defeat the smaller wasps, and they will drop dart bow ammo. Then switch to dart bow and shoot the big wasp.

The Frog

The Frog boss lives in his pond, and likes to eat juicy ants. Watch out, or you'll become his next meal!

Stan Beals

Also known as the Cloud Breather, **Stan Beals** is the Exterminator. Unless you can stop him, he'll use his noxious poisons to eradicate the colony.

WEAPONS

The following weapons are rewarded for completing various missions:

Lucas' staff

This is Lucas' basic weapon. It's the perfect weapon for close-ranged attacks. Lucas will always have his **Staff** in hand unless he is holding another weapon or performing an action that requires both hands.

Dart Bow

This long-ranged weapon shoots darts just like a crossbow. As long as Lucas holds it, he can't use his staff. The **Dart Bow** is less powerful than the staff, so it will take more hits to defeat an enemy.

Seed Bombs

Lucas can throw this weapon at an object, causing it to explode on contact. This weapon is useful for blowing up fragile walls or attacking a large number of enemies.

COLLECTIBLES

There are many collectible items throughout the game. Here's a list of what to look for:

FIRE CRYSTALS

Fire Crystals are hidden throughout the environments. The Fire Crystals unlock bonus material accessible in the Extras menu.

HONEYDEW & WATER DROPS

Passing over **Honeydew** (green) will partially replenish energy. Honeydew can be found in **water drops** or hidden in the game. **Water Drops** (blue) can be pierced with weapons. They sometimes contain collectibles.

DARTS

Lucas must collect **Darts** in order to use the Dart Bow. Darts can be found in water drops or hidden in the game.

FLOWER SEEDS

Lucas must collect these in order to use the Seed Bombs. **Flower Seeds** can be found in water drops or hidden in the game.

HONEYDEW CONTAINER

Collecting one of these life **Honeydew Containers** will increase Lucas' health.

ALKA ROOT

Collect **Alka Roots**, then give them to ReFlux for a reward.
